

Radisson Elite

Radisson Elite effectively defines what we should expect from a mid-sized spa. Seating space is generous enough to host a crowd yet personal enough to accommodate smaller families.

The Radisson offers five unique seating positions, 66 adjustable massage and air soft tissue jets, offering a multitude of ways to relax, no matter how many are in your party.

Not just a spa but a way of life

Radisson Elite

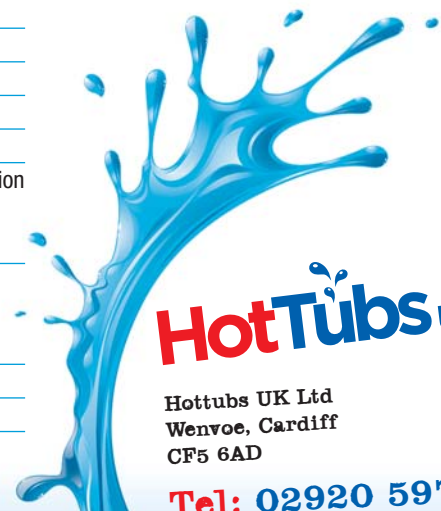

With the emphasis on maximum comfort, this model features ergonomically designed 'his & hers' loungers which is very unusual in a spa of this size, and detailed seating including dual armrests in the captains seat. This five-person spa comes with built-in headrests, and boasts unsurpassed comfort in all seating areas.

Allow your body to unwind as therapeutic jets relieve stress in your neck, back, shoulders and feet. Most importantly, you'll feel confident in having purchased a quality, dependable hot tub from Heritage Spas. Heritage Spas place a strong emphasis on craftsmanship, a commitment to quality and an acknowledgement that while you have an affinity for luxury, you still appreciate value. Our hot tubs are designed to meet the needs of your entire family, regardless of age or body type. From body loungers to ergonomically designed massage chairs, you'll likely discover that Heritage Spas has something for everyone. All Heritage Spa cabinets are constructed from solid high grade Canadian Western Red Cedar for its weather resistant qualities and for enhancing the aesthetics of your garden surroundings.
