Not just a spa but a way of life

Recliner Elite

The Recliner Elite offers real whirlpool hydrotherapy in every corner of the spa, surrounding your body with a invigorating massage as the night sky removes the day's stresses.

Family time will increase as your new hot tub replaces the dinner table for meaningful conversation.

As we all try to make our homes more user friendly, your new hot tub will add real value to your biggest investment and redefine your garden space

All Heritage Spa cabinets are constructed from solid high grade Canadian Western Red Cedar for its weather resistant qualities.
